## SHOEMAKER A PRISONER.

Holmes' Counsel Arrested for Subornation of Perjury.

## SENSATIONAL SCENE IN COURT.

The Accused Lawyer Fell Into a Trap of His Own Making—Lawyer Botan, the Junior Counsel, Not Implicated in the Attempted Fraud.

PHILADELPHIA, Nov. 19.—The evil spirit that presides over the destinies of H. H. Holmes, king of murderers, and eventually destroys all who ally themselves with him, found another victim yesterday. The first swift turn this extraordinary case took was on the first day of the recent trial, when the anti-criminal dismissed his lawyers, and the "prisoner at the bar" became counsel for the defense. Yesterday the tables were turned, and senior counsel for the defense became a prisoner at the bar.

William A. Shoemaker, the young attorney who fees, as relation with the case is obscure in the mystery which envelops its every detail, passed the day an oral as severe as any he has ever seen when he was held under \$150 bail to answer a charge of subornation of perjury. This means that he manufactured evidence tending to prove that Benjamin F. Pitzel, for whose murder Holmes was convicted two weeks ago, committed suicide and that he, Shoemaker, paid a woman \$10 to sign and swear to this.

Then Judge Thayer held Lawyer Shoemaker in \$150 bail to answer the charge of subornation of perjury, which was furnished by his father-in-law, Milton Jackson.

Judge Arnold, who was upon the bench during the trial, had called in Judges Thayer and Willson to hear and decide with him on the merits of yesterday's argument for a new trial. As the strange revelations came the three judges did not hesitate to bring in a new trial, and at its conclusion the court announced that they would give it the gravest consideration.

Then Judge Thayer held Lawyer Shoemaker in \$150 bail to answer a charge of subornation of perjury, which was furnished by his father-in-law, Milton Jackson.

Judge Arnold, who was upon the bench during the trial, had called in Judges Thayer and Willson to hear and decide with him on the merits of yesterday's argument for a new trial. As the strange revelations came the three judges did not hesitate to bring in a new trial, and at its conclusion the court announced that they would give it the gravest consideration.

Public declaration was made by the trial and defense attorney of Mr. Botan's innocence in the whole affair.

Say That Peter is Alive.

CINCINNATI, Nov. 19.—James McNeary, conductor on car 175 of the sixty-third street electric line, states positively that Benjamin F. Pitzel is alive, and that he recently talked with him on his car. Mr. McNeary claims there could be no mistake, as he worked nine months for Pitzel and knew the peculiarities of his voice. Pitzel admitted his identity, and asked as a friend that McNeary keep silence, as he was on his way to Philadelphia. Motorman L. Utterman, too, claims he had a conversation with Pitzel. Mr. Robert Corbett, who has been following the case for months in behalf of the Farmers' and Mechanics' Natl. bank of Port Worth, Tex., claims that he has also seen Pitzel. Mr. Corbett said: "I believe that if Holmes is not granted a new trial Pitzel will declare himself to the governor of Pennsylvania when all other means are exhausted, and Isaac R. Hitt, Jr., and myself both have his address in Philadelphia. Minnie Williams is staying at the same place under the name of Mrs. E. M. Gardner, while Pitzel is known as C. D. Hull."

How Korea's Queen Was Killed.

MILWAUKEE, Nov. 19.—Rudolph Nimmer, now visiting in Korea, writes to the Milwaukee Sentinel from Seoul giving an account of the murder of the queen early in October. He says that a body of Japanese soldiers committed the murder, and were backed by the Japanese troops. When they gained entrance to the queen's apartments they found four women there, and being unable to recognize the queen, they killed all four women. The bodies, after having been slashed and stabbed, were tied in blankets, carried to the court yard, saturated with oil and burned. It is reported that the queen was cremated alive, not having been killed by the knives.

Dying from Hydrocephalus.

ORANGE, N. J., Nov. 19.—Ralph Jackson, 5 years old, son of Henry Jackson, colored, of Milburn, is suffering from hydrocephalus. He has been in spasms since Friday night. Dr. Jackson, who is attending the lad, says he cannot live.

On Oct. 29 young Jackson was bitten by a dog which was supposed to have been mad. The child was sent to the Memorial hospital for treatment, and after staying there for several days was sent home by the house surgeon as cured. The brain of the mad dog was sent to Pasteur institute, in New York city, and after the doctors examined it they made a report that the animal did not have rabies.

When Shoemaker read the affidavit to the court he declared that its contents had been dictated to him by the woman.

## SEVENTEEN BODIES RECOVERED

The Railroad Company's Neglect Caused Cleveland's Trolley Horror.

CLEVELAND, Nov. 19.—The body of the seventeenth, and probably the last victim of the motor accident, was recovered from the river late yesterday afternoon. It was that of Matthew Callahan, and it was buried in the mud directly where the trucks of the motor had been. The body of Miss Martha Santenheimer had been recovered earlier in the day. The search for bodies has now been abandoned.

Motorman Rogers was bound over without bail in the police court yesterday for two weeks, during which time a thorough investigation will be made. The coroner's inquest was resumed this morning.

It has been definitely settled that one of the safe guards provided by the street railway company at the Crawfordsville to prevent accident has been out of order for three weeks. It was a device of levers, so arranged that when the safety gates at the approaches to the draw were closed the current would be shut off for a distance of 500 feet on each side of the river. The wires remained dead until the drawbridge was closed and the gates were swung back to the sides of the roadway. With the cut off in working order a motorman could not run his car to the river, and the absence of power would be an infallible warning of danger. Why the cut off has been allowed to remain out of order is unexplained by the street car company as yet.

Attacked Four People with a Hatchet.

EMPORIA, Kan., Nov. 19.—At Dunlap, about thirty miles north of Emporia, David Henderson, a colored school teacher, yesterday afternoon feloniously assaulted Dora Ray, a colored pupil, 14 years old. It was the second attempt. The matter was brought before the school board, which met last night, and through the efforts of a lawyer it was smoothed over. This did not suit Dora's father, a quarrel and fist ensued. Henderson split Ray's head with a hatchet, and in making his escape from the room attacked Mrs. Ray, her daughter, Mrs. McFall and Thomas Starkey, all of whom were chopped in the head with the sharp edge of the hatchet and terribly injured. Henderson is now at large. The injured are all in a critical condition.

Brutal Murder of Five Negroes.

SAN ANTONIO, Tex., Nov. 19.—A special

dispatch from Fort Brown says: On Sunday morning guards discovered the bodies of five negroes hanging six miles from town. They were recognized as being some of the negroes lately arrived here to work on the railroad construction, but who became dissatisfied and fled. An investigation was made, but nothing resulted except that it was learned that the negroes came from Louisiana. It is believed that they were pursued by contractors and troops and killed, so as not to allow them to escape. The life of the negroes working here is terrible. Many have been beaten to death.

The Fight Against the Tobacco Trust.

SYRACUSE, N. Y., Nov. 19.—Attorney General Hancock yesterday granted the application of C. A. Whelan & Co., of this city, for the commencement of an action to restrain the American Tobacco company from doing business in this state, and to enjoin its certificate of authority. The attorney general says: "A corporation doing business in this state ought not to be permitted to impose as a general prerequisite upon the purchasers of its commodities that they shall obtain goods from no other man." The enforcement of such a condition must necessarily operate as a restraint of trade and prevent competition.

President Palma, of the Cuban revolutionist party in this country, has received word of the safe arrival in Cuba of two expeditions sent out by the party. One of the parties is headed by General Francisco Carrillo and Tomasa Collazo, and the other under the leadership of Colonel Jose Maria Aguirre. General Carrillo is one of the twenty-one men recently acquitted at Wilmington, Del., of filibustering.

General Carrillo and his party started from Cagay Hayven in a sloop, 100 strong, with 400 cartridges. After great hardships the party arrived on the northern coast of Cuba, where General Carrillo was received as a correspondent. Magowan was the president and general manager of the Eastern Rubber company and Barnes was a superintendent. It is alleged that Magowan had Barnes arrested and indicted for stealing \$10,000 on account of Barnes naming Magowan in the divorce proceedings. The trial of Barnes went over pending the result of the suit brought by Barnes against Magowan.

Knights Taylor Cuban Recognition.

WASHINGTON, D. C., Nov. 19.—The Knights of Labor convention yesterday, representing every section of the continent and all conditions of humanity, passed a resolution declaring in favor of the immediate recognition of the Cuban as belligerent.

Against Theater Ticket Speculators.

CINCINNATI, Nov. 19.—D. C. Wilson, a carpenter, by the art of ticket speculators, defrauded him of his money, so he could not afford to buy a ticket to a given performance.

Trial Photo in Russia.

BERLIN, Nov. 19.—Advocates for the defense from St. Petersburg gave details of the seven-storied white prison over part of Russia on Nov. 19. Owing to violence of the gate on the River Neva over eight inches, all the clients in it were flooded. In addition the wooden buildings about the banks of the Neva, etc., were washed away and the floating barges of the city were inundated. The persons inhabiting most of the villages on the outskirts of St. Petersburg lost everything through the floods, their cattle and belongings being carried away. The amount of damage done is said to be very great indeed and many lives were lost.

Maryland Bay at Atlanta.

BALTIMORE, Nov. 19.—At a meeting of

the Marylanders and Manufacturers' association yesterday it was determined to make an effort to celebrate Maryland Bay in the Atlanta exposition. Governor Brown said he would go, and a party of the state would go to the fair. Committee were appointed to solicit subscriptions and make other arrangements, and it is probable that the movement will prove successful.

Heine Fountain May Be Rejected.

NEW YORK, Nov. 19.—Francis Schubert, who disappeared from Francis last week, has written that he will be in Chicago on Nov. 20. W. J. Beery, of No. 321 East Fifty-third street, is in receipt of a letter from him saying he will be here on that day, and to quote the writer, "not a day longer or a day shorter." Mr. Beery said he had no knowledge as to the present whereabouts of Schubert.

Jealousy Causes Another Murder.

HAZELWOOD, Pa., Nov. 19.—The reign of terror in Lower Lorraine county continues. Sunday night John Blawie shot and killed John Holzschuh at Hazlewood. Two bullets struck Blawie, one grazing his heart, death resulting an hour later. Blawie tried to escape but was captured by an officer and is now in custody. Jealousy was the cause of the crime.

A Missing Bank Teller.

PHILADELPHIA, Nov. 19.—Charles F. Ritter, receiving and paying teller in the Tacony Saving Fund Soc. Deposit and Trust company, has disappeared. After a hasty examination the bank officials found that all securities were intact, and as far as could be ascertained the cash on hand was also correct. Acting on a hint given in a letter that Ritter left for him, Vice President Dick swore out a warrant for Ritter's arrest, charging misappropriation of funds. The bank officials, however, do not believe the defalcation, if any, is of any account.

On the Trail of a Black Fiend.

MINNEAPOLIS, Nov. 19.—About 10 o'clock last night an express train on the Great Northern railroad was held up near St. Cloud. The robbers were evidently after the express, and supposing it to be the second train the engine cut it off from connection with the mail car, and the engineer then threw open the throttle and pulled safely into St. Cloud with the treasure. It is not known at this hour whether the passengers were molested. A special train with all the city detectives aboard left here for the scene.

THE ARREST OF M. ARTON

It Leads to Vote of Confidence by the French Chamber of Deputies.

PARIS, Nov. 19.—France is to have a revival of the Panama scandal. The government has placed under arrest in London M. Arton, the agent and go-between of Baron Rothschild in the Panama bribe. M. Emile Arton has been a fugitive from justice for more than two years, and the various moderate ministries made half-hearted efforts to capture him.

The prisoner expressed the greatest willingness to return to France to meet the charges, and, incidentally, to destroy the reputations of all in public life who thus far have managed to escape exposure.

The news of the arrest of M. Arton makes a great sensation in Paris. The statute of limitations will protect nearly all whom Arton or others can now accuse, but a great clash of reputations is expected which will release many men to private life who are now prominent.

In the chamber of deputies yesterday the question of the arrest of Arton came up for discussion. The government declared his arrest was effected immediately he was discovered. The matter drifted into a discussion of the general policy of the government, and this resulted in the adoption of a vote of confidence, the vote standing 42 to 52.

Damaging Evidence Against Them.

WICHITA, Kan., Nov. 19.—Henry H. Leonard, aged 62 years, was murdered Sunday night and Mrs. Leonard, his second wife, and her son Orville are under arrest charged with the crime. Leonard's body was found terribly hacked with a knife, half covered up in a manure pile. A trail of blood was followed up to the kitchen door, where Mrs. Leonard and her son were found mopping up the blood which was scattered over the floor and furniture. Mrs. Leonard charged her divorced husband, Frank M. Williamson, with the killing. She says that Leonard was in bed when Williamson entered and killed him in spite of her pleadings. Williamson, who was also arrested, professes innocence, and says his divorced wife is "putting up a job" on him. The son will not talk. Detectives believe Leonard was murdered for his life insurance.

Barnes' Trial Postponed.

TRINITY, Nov. 19.—The trial of John Barnes, accused of stealing \$5,000 of his city, went over for the term yesterday. Barnes has brought a suit for \$10,000 damages against Magowan for alienating the affections of his wife. A divorce has also been asked for Barnes and in it Magowan is named as his correspondent. Magowan was the president and general manager of the Eastern Rubber company and Barnes was a superintendent. It is alleged that Magowan had Barnes arrested and indicted for stealing \$10,000 on account of Barnes naming Magowan in the divorce proceedings.

#### READING REORGANIZATION PLAN

It includes a Twenty Per Cent. Assessment on Common Stock.

NEW YORK, Nov. 19.—Copies of the reorganization plan for the Reading have been furnished to a few important interests in advance of the general publication. From the discussions occasioned by the forecast it is gathered that the common stock is to be called upon for a 20 per cent. assessment, new common stock, share for share, to be given to those who pay the assessment. There are now outstanding between \$49,000,000 and \$50,000,000 of this security.

The total funded debt is \$175,000,000, and of this \$145,000,000 is on the Philadelphia and Reading road proper. The general mortgage is 5 per cent., to the amount of \$4,000,000, are followed by three sets of income bonds of \$23,000,000, \$16,000,000 and \$17,000,000 in the first, second and third series respectively. There is also a batch of \$5,000,000 in deferred incomes.

These great issues of some \$82,000,000 in all are very extensively held, and they are all to be wiped out, according to the plan reported. In their stead two series of preferred stock will be created. There is to be an assessment in cash of 20 per cent. on all series of bonds, and each first income bond of \$1,000 will get thirty shares of first and 100 of second preferred stock; each \$1,000 second income bond will get twenty shares of first preferred and sixty shares of second preferred stock, while to each \$1,000 third income bond will be allotted ten shares of preferred, sixty shares of second preferred and sixty shares of common stock.

It is possible that the plan will be modified.

Lambert's Final Appeal Denied.

WASHINGTON, Nov. 19.—The latest effort of Theodore Lambert, the convicted murderer of Camden county, N. J., to escape the execution of the death sentence imposed upon him, has failed. In an opinion read yesterday by Chief Justice Fuller the supreme court of the United States affirmed the refusal of the United States court of the Third circuit to release him from the custody of Sheriff Barrett on a writ of habeas corpus and directed a mandate to issue at once.

Two Little Children Drowned.

SYRACUSE, N.Y., Nov. 19.—Lester Bailey, aged 4 years, and Laura Bailey, aged 1 month, children of Frank Bailey, of Cardiff, were accidentally drowned in a mill race near Cardiff. Mr. and Mrs. Bailey and the children were driving home when their horses slipped and precipitated them into the water. Mrs. Bailey was rescued after a struggle of twenty minutes, but all efforts to save the children were unavailing. Their bodies were recovered some hours afterwards several feet below the point where the carriage toppled into the creek.

Decided Against the Union Pacific.

WASHINGTON, Nov. 19.—The United States supreme court, in an opinion by Justice Harlan, a young lad in office, that the Union Pacific Railroad company had no right to a franchise practically giving the Western Union Telegraph company an exclusive right to maintain telegraph lines along the route of the railroad company. The case came from Nebraska, and the court, in its judgment of the great case, set aside the Nebraska decree.

#### Tragic Death of Five Seamen.

PORT TOWNSEND, Wash., Nov. 19.—News from Valparaiso, Chile, has reached here giving details of the death of Captain Stegar and four seaman of the American bark Edward Kluder, which came from New York to load nitrate. The captain and his men went down the coast a short distance to kill fish for the ship's use by explosives. People on the shore say the party spent several hours exploding dynamite near the rocks. Then a terrible explosion was heard, throwing a column of water fifty feet in the air, and when the smoke cleared away not a vestige of the boat or its occupants was to be seen.

#### Price, Faure.

One of the ambitions of Mme. Felix Faure, wife of the president of France, is to become the leader of fashions for the republic, as the Empress Eugenie was for the empire, according to popular report. Consequently she not only dresses exquisitely, but keeps the names of her modiste and milliner a secret. At the Grand Prix races she wore a costume so beautiful that the fashion papers not only described it at length, but illustrated it in colors. It was a creation of brown satin, chiffon and cream lace. —Paris Letter.

Any city that wants the Republican National Convention must pay the National Committee \$64,000, the debt which it carried over from the last campaign. It must also provide for the expenses of the convention, about \$60,000 more. This is "big money," but Pittsburg and San Francisco have already raised the necessary guarantees and Chicago, Philadelphia and other cities would gladly foot the bill if they could secure the convention.

Attorney General Hancock, in sending an action to restrain the American Tobacco Company, a New Jersey corporation, from doing business in this State, has written a long opinion, in which he holds that its methods are in restraint of trade and against public policy. What is true of the tobacco trust is true of the sugar, leather and other trusts, and the action of the Attorney General is therefore most important, for, to be at all consistent, he will have to bring all these combines into court and subject their business methods to review.

UP THE MIDLAND.

The Trout Brook Hotel—A Poor Way to Vote a Straight Ticket—Rafts in the Delaware—Business Aspects of the Norwich Church Fight.

Correspondence ARGUS and MERCURY.

The Trout Brook hotel, which was burned some time ago, is being rebuilt, and will be finished before winter sets in in earnest.

A Rockland man left the polls on election day boasting that he had voted a straight ticket and without scratching a name on it. He told the truth; he hadn't even made a cross to designate the party for whose candidate he intended to vote.

Mr. J. Hetzel, of Middletown, is at Oswego looking after some property he owns there.

There are at present not far from 100 rafts in the Delaware and its branches waiting for the freight that does not come. The expense of getting this lumber back on the bank again and then rafting it in the spring will be great indeed, and then it will not sell for within \$2 a thousand as much as it would if it could be run to market now.

The Baptist Church fight at Norwich is the biggest and the most bitter that this part of the world ever saw. There can be no doubt but that the Cassites are doing the most praying, yet one cannot help thinking that the Rindgeites will win in all the earthly courts to which the cases may be taken. The Cassites outnumber the Rindgeites five to one, and no matter how the fight goes Mr. Rindge will in the end wish that he had never been an official in the church. He is now, and has been for a long time agent in Norwich for D. L. and W. coal. The Cassites are aware of this fact and have begun to strike him in a vulnerable spot that will in a short time begin to tell in his financial affairs by refusing to buy coal that is shipped over that road and handled by him. If the D. L. and W. road insist on backing up Mr. Rindge they will go still farther and refuse to ship freight or travel that way. Mr. Lauper is the D. L. and W. coal agent at Norwich and is outside of all the church troubles and the Cassites are transferring their coal trade to him. The women are taking an active part in the coal boycott and claim that the D. L. and W. coal does not bake the bread, fry the meat or drown the pancakes as good as O. and W. coal. The fight will not be ended in a long time but Norwich will have another Baptist church at no distant day. There is but little of the "peace on earth, good will toward men" spirit on either side.

UNIONVILLE.

Death of Wm. Owen—Revival Services—Donation—Submitted to Arbitration—Personal and Other Notes.

Correspondence ARGUS and MERCURY.

We have just heard of the death of Hon. Wm. Owen, of Vernon. He died at 7:30, Monday morning, after a lingering illness. Mr. Owen at one time represented Sussex county in the New Jersey Legislature and was a man of ability and influence in the community in which he lived. He never married, but was noted for his generous and kind disposition. None will mourn his loss more sincerely than the poor of his neighborhood, who have always found him a friend when in need.

Revival services will be commenced in the Westown M. E. Church, Tuesday evening, 13th inst., and during their continuance the usual Sunday evening service in the Methodist Church here will be omitted and services will be held at 11 a. m. each Sunday till further notice.

The annual donation for the benefit of the pastor of the M. E. Church will be held at the house of Mrs. Eliza R. Timbrell, in this village, on Tuesday evening, 26th inst. If stormy the next evening.

We notice in the current number of the *Baker-Rose Journal*, published at Cornwall-on-the-Hudson, a very fine portrait of our townsmen, E. L. Brown, Esq.; also a brief biographical sketch. People must lot infer from this that Mr. Brown was ever a patient at the institution, but he has earned this distinction by his efforts in reforming those who have become slaves to the liquor traffic, several of whom he has assisted and urged to take the treatment.

The differences between E. L. Brown and Jas. DeWitt in regard to the new house at Turnhamoose, were submitted to arbitration, last Friday, and everything adjusted to the satisfaction to both parties.

Mr. Crumpton and family are now overlooking the town from the windows of his fine new residence on Second avenue.

Jacob H. Shuman, postmaster of Sparta, N. J., and his wife, spent Sunday visiting friends in town. The two score and ten years which have passed since Jacob began to feel an interest in mundane affairs seem to sit lightly on his shoulders, and his many friends hope that his genial face may long continue to smile on them.

The recent welcome rains have not been sufficient to help wells and springs, and the water famine continues.

Uptonville needs a trolley connection with Middletown. When will it come?

### MURDER IN THE SECOND DEGREE.

The "Spider" Convicted of the Crime  
of killing the "Pug," a Fellow Tramp.  
The time of the Supreme Court in  
Newburgh, yesterday, was taken up  
with the Highland Falls murder case,  
in which a man whose name is Geo.  
Jarrett was accused of killing a fel-  
low tramp whose name is unknown  
but who answered to the name of the  
"Pug" on the road. Jarrett was  
known among his companions as the  
"Spider."

The murder occurred in June. The  
"Spider," the "Pug" and another  
tramp named Chas. Curran were trav-  
eling together. They began drink-  
ing at Highland Falls and finally the  
"Pug" kicked up a row with his  
companions and the "Spider" stabbed  
him with a pocket knife, inflicting  
wounds from which he died in a  
few hours. Curran was arrested and  
held as a witness. Jarrett was ar-  
rested at Haverstraw.

Jarrett claims that he did the cut-  
ting in self defense.

Several witnesses were examined,  
the most important one being Cur-  
ran.

The evidence was all in at 3 o'clock.

R. A. Sayer, of this city, was the  
first juror accepted, and Amos H.  
Gillen, of Wallkill, the second.

### MURDER IN SECOND DEGREE.

The jury, after being out three and  
a half hours, returned a verdict of  
guilty of murder in the second de-  
gree. The penalty is imprisonment  
for life.

The verdict was a surprise to the  
prisoner and his lawyer, who expect-  
ed a conviction for manslaughter.

residents of the town of Montgom-  
ery, died, Sunday morning, at the

Mrs. Edgar Van Etten.

Mrs. Emma Lawrence, wife of Ed-  
gar Van Etten, Superintendent of the  
New York Central Railroad, died  
at her home in New York city, Sat-  
urday night, of paralysis, aged fifty  
years. She was a daughter of the  
late Dr. C. M. Lawrence, of Port Jervis,  
and was educated at Mt. Revere-  
ment Seminary, near Deckertown.  
She was married to Mr. Van Etten in  
1867.

### RAILROAD COMPANIES AT ODDS.

Susquehanna and Western Seeks to  
Enjoin the Lackawanna.

The New York, Susquehanna and  
Western Railroad Company has filed  
a bill in equity in the United States  
Circuit Court in Philadelphia against the  
Delaware, Lackawanna and  
Western Railroad, asking to have the  
latter enjoined from prosecuting a  
suit brought to have the Susque-  
hanna and Western restrained from  
delivering coal to any common car-  
rier except the Lackawanna.

### Gunning for Turkeys in the City Limits.

A large turkey escaped from the  
coop in which it was being delivered at  
the rear door of J. Charles Schwartz's  
market, this afternoon, and flew to  
the roof of Carson & Towner's store  
and from there to the topmost  
branches of a tall tree. The only  
way to recapture the bird was to  
shoot it and so "Potty" Worcester  
was sent for, and he put a bullet  
through its head at the first shot.

### The Erie's Dollar Excursion to New York.

### Jesse Gregory Must be Tried for Mur- der.

Recorder Goff refused, yesterday,  
to accept a plea of guilty of man-  
slaughter in the second degree in  
the case of Jesse M. Gregory, a for-  
mer resident of Goshen, who killed  
his wife, Clara, in New York, last  
May. The Recorder ordered that  
Gregory be tried for murder in the  
first degree.

### Why Erie Trains Were Late.

The fog on the river at New York,  
this morning, was so dense that ferry-  
boats had great difficulty in making  
their trips. Two Erie ferryboats were  
in collision and as a consequence  
trains were delayed.

### F. W. DEVOE'S REAPPOINTMENT.

Another Term of Six Years as a Trus-  
tee of the State Homeopathic Hos-  
pital for the Insane.

From the New York Tribune.

Governor Morton has just re-ap-  
pointed Frederick W. Devoe, of this  
city, as trustee of the Middletown  
State Homeopathic Hospital for the  
Insane. The term will be six years.  
Mr. Devoe was originally appointed  
by Governor Hill in 1890, to fill the va-  
cancy caused by the death of Fletcher  
Harper.

There are now in the Institution  
nearly twelve hundred patients. The  
number of male and female patients  
is almost equally divided. The re-  
sults of the treatment of patients  
during the last year show that more  
than fifty per cent of those diag-  
nosed went away fully recovered.

It is thoroughly well understood  
by Governor Morton, by all the State  
authorities and by every person who  
has made a study of the subject, that  
this hospital for the insane is man-  
aged with exceptional care, discre-  
tion, judgment and skill. Mr. Devoe  
and the other members of the Board  
of Trustees have given a great deal  
of time and attention to the affairs of  
the institution, and have been indefa-  
tigable in their efforts to manage  
it in the way best adapted to secure  
the most useful and valuable results.

All the members of the Board have  
unbounded confidence in Dr. Tal-  
cott, and they are deeply gratified  
by the admirable condition of the in-  
stitution and the success which has  
been achieved in benefiting the pa-  
tients.

### THE CASINO'S PROSPERITY.

Playing to Better Business Than Ever  
before in Its History.

The officers of the Casino Company

have completed their first quarterly  
statement for the season of '95-'96.  
The receipts at the theatre have  
shown a steady increase from the  
opening of the theatre in 1892 to the  
present date. The receipts for  
August, September and October of  
the present year, exceed by several  
hundred dollars, the corresponding  
months of any previous year. The  
majority of the attractions have been  
of the better class which visit the  
one night stands.

Among the attractions booked in  
the near future are Lewis Morrison's  
"Faust," "Bonnie Scotland," A. M.  
Palmer's "Tribal," Chauncey Olcott,  
"The Country Circus" and "The  
Passing Show." "The Darby Maz-  
cot" will appear on December 6.

### FIRE IN UNIONVILLE.

Good Work by the Firemen Saves a  
House from Destruction.

From Our Unionville Correspondent.

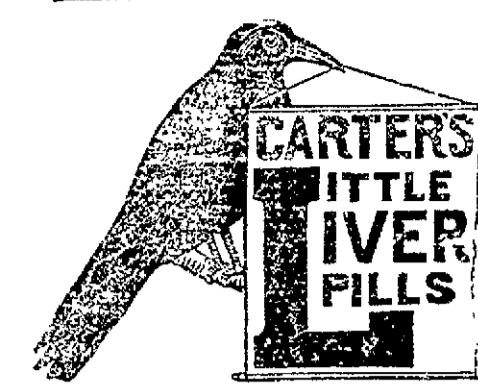

On Saturday night, about 9:30  
o'clock, fire broke out in the house  
in Unionville owned by E. L. Brown  
and occupied by Mr. Shaw, of the  
silk mill. The ringing of the church  
bell and the blowing of the silk mill  
whistle aroused the people and our  
fire department responded promptly,  
and soon had the fire completely  
under control. The fire evidently  
started from a defective flue as it  
was confined about the chimney.

The quickness with which the fire  
was extinguished and the prompt-  
ness of our fire company gives  
another demonstration of the fact  
that Unionville has a first class fire  
department.

### Would Like to Have Some of "Gabe" Tuthill's Honey.

Since the payment of his judgment  
against the Long Island Railroad,  
"Gabe" Tuthill has received many  
letters suggesting investments in va-  
rious enterprises that promise to  
yield large returns. A letter from  
Denver, that came to-day, baits him  
with mining schemes in Colorado, but  
Mr. Tuthill don't bite. Safe and  
sure will be his motto.

**SUPREME Court, County of Orange.** Testimony of Dr. Joseph Walton, defendant.

To the above named defendant, it is shown that he is a man of good character and reputation in the community and that he is a good man. However, the plaintiff's attorney within twenty days after a trial of this cause, to-wit, the 25th day of April, 1895, did appear and answer judgment, which was taken in his favor, and he did not file a bill of complaint.
